Undergraduate student of **Electrical and Computer Engineering**, specialist of **Web development**, **databases** and **machine learning** with good experience in projects with team and without.

WORK EXPERIENCE

FEBRUARY 2021 – APRIL 2021

FRELANCE DEVELOPER, ATHENS COMPANY

Build a web development system based in safe Database with the use of tensorflow (python) for Machine Learning model

EDUCATION

SEPTEMBER 2016 – CURRENTLY STUDYING

MASTER IN ELECTRICAL AND COMPUTER ENGINEERING, UNIVERSITY OF THESSALY

Undergraduate student

FEBRUARY 2021 – JUNE 2022

ERASMUS SEMESTER, AGH UNIVERSITY OF SCIENCE AND TECHNOLOGY

Erasmus mobility with Average grade: 8.3/10

SKILLS

- Microsoft Office, Computer use Master
- C, C++, Java, Php
- Python, Django python, Pandas and Machine Learning in Tensorflow
- SQL, MongoDB, Databases create and Update
- JavaScript, NodeJs, React, Express
- HTML, Css, and modern Html5, Css3
- MATLAB, Mathematical equations, Image processing
- Git, Bootstrap, Docker
- Android, Kotlin App Development

COMPETENCIES

- Agile Workflow
- Web development projects
- Website optimization
- Programming Languages fast learner
- Database management software
- Algorithm implementation

LANGUAGES

- Greek, Native Speaker
- English, C2

INTERESTS

- Basketball
- Music Production
- Programming while drinking coffee
